

Construction on State Road 224

UDOT is repaving S.R. 224 from the Marsac roundabout in Park City to the seasonal gate above Montage Deer Valley this summer. Construction began August 10 and will last up to 45 days. Crews are working during daytime hours Monday through Saturday.

WHAT TO EXPECT

- Drivers should plan for one-way traffic controlled by flaggers within the work zone.
- Drivers and cyclists should expect a hard closure from Hillside Avenue to Ontario mine for up to five days beginning Monday, August 24, while crews pave the location. The closure will be in place day and night. Deer Valley Drive to Royal Street should be used as a detour during this time.

Please note that construction schedules are weather-dependent and subject to change.
